

Electric Fires

Enchant Electric Fire

Suitable for wall mounting, the Enchant electric fire is also designed for recessed fitting to offer a more streamlined effect. Featuring a realistic log fuel effect bed, Enchant incorporates a dark grey frame edged with black and boasts 100% efficiency, low running costs and a concealed 2.0kW fan heater that provides a choice of heat settings. For ease of operation remote control comes as standard and for peace of mind the Enchant incorporates a variable thermostat and overheat safety cut out and naturally is BEAB approved. For the ultimate design statement, the flame effect may be enjoyed independently of the heat..
